brick building, as I did those for the building contracted for."

WHAT PINKHAM SAYS.

Mr. Pinkham, also called before the Governor, said that he had made the concrete blocks spoken of, by hand, and had offered to construct a machine to do the same work—that is, to make blocks of the same kind as those shown to the Superintendent of Public Works. The Honolulu Iron Works had even set up the machinery to make the apparatus to be used in the construction of these blocks. It was a contract to make blocks with this machine that Beardslee had offered to the American-Hawaiian people during Pinkham's absence on Maui.
 "But when I was appointed on the Board of Health I dropped the whole matter," said Mr. Pinkham to the Governor. "I have had nothing to do with the matter since then."
 And at this point the matter rests with the refusal of the contractors to submit their case to arbitration. It is up to the territorial authorities to make the next move.

THE GOVERNOR SUMS UP.

"It is a regrettable thing all around," said Governor Carter, speaking of the matter yesterday. "I have failed to find any evidence of fraud in the contract, despite the charges made by the contractors. In fact, I had understood that they would not press the fraud charge—but, as they do show a disposition to cling to it, I must repeat that I can find no evidence of any wrong doing. If, under all the circumstances, I were to accept the proposition of the American-Hawaiian Company to cancel the contract, and release them from their obligation under it, I would be showing them too much favor. It would be unfair to the other contractors. So far as I can see, nothing remains but to refer the matter back to Mr. Holloway to insist upon the performance of the contract, or refer the case to the Attorney General for action against the contracting company under their bond."

"As nearly as I can size up the case from its presentation to me the contracting company has been too suspicious, too prone to believe that there exists a spirit in the Department of Public Works to be unfair to them. They have so worked themselves up that they can see but one side of the case—and cannot admit that there can be any other side."

"My idea is to go right into court, and have the thing out. All that the officers of the Territory want is to have this work done—but there is something more important even than that. Indeed, on a pinch, the insane

MEMORIAL FOR FOUNDER OF KAMEHAMEHA SCHOOL

In song and story the memory of Bernice Pauahi Bishop was honored by the Kamehameha Schools last night in the annual Founder's Day Memorial Service. The Bishop Memorial Chapel was filled when the strains of the organ prelude played by Miss S. Lillian Byington announced the arrival of the speakers and other dignitaries who filed to seats on the platform. Besides the heads of the various departments of the schools, the speakers and representatives of the trustees, there were seated upon the rostrum the presidents and secretaries of the Alumni and Alumnae.

After the chorus, Pauahi Kealii, the school song, sung with inspiring effect by the entire student body, Rev. John L. Hopwood gave the invocation. The response, "Sanctus," was rendered by the choir boys with beautiful expression. President Perley L. Horne delivered the address of welcome, setting forth the aim of the school that every life it touched should be made better by its influence and welcoming the guests in the name of the school. After the President's address Mrs. Livingstone sang beautifully "The Good Shepherd."

Mr. Theodore Richards read the Scripture lesson from the third chapter of Proverbs and the choir girls sang the anthem, "I Will Sing of Mercy" by Novello. Governor George R. Carter was next introduced and made a straightforward, simple talk to the students. He spoke of the meaning of duty and character and told by practical examples what the students of the Kamehameha Schools could do for the Hawaiian race. He gave examples of Hawaiians who had succeeded in various lines and showed other lines that none had attempted. He suggested that there was a great field in these islands for literary work and closed by saying that the Hawaiian people were looking for a leader who should unify them as Kamehameha did, though in a peaceful way.

Following the Governor's address Mr. Stanley Livingstone sang "Fear not ye, O Israel" in a most pleasing manner. The second address followed, "The Open Door" by Rev. John W. Wadman. Mr. Wadman spoke eloquently on the open door of opportunity before the youth of the country drawing a lesson from the "open door" of Japan and the policy as applied to China. He paid a glowing tribute to the founder of the Kamehameha Schools who had opened a door for the education of her people which meant the opening of other doors of opportunity which would otherwise have been closed.

Dudley Buck's "Festival Hymn" was rendered by the choir and Rev. Henry R. Poepoe made the closing prayer in Hawaiian, the response, one of Queen Liliuokalani's, being sung by the choir girls. The singing of Hawaii Ponoi by the entire congregation and the benediction by Rev. W. M. Kincaid closed the services. The most striking feature of the evening was the beautiful singing by the school choir and by the whole student body which reflects great credit on the musical instructors.

neylum can wait for a little while. "When I said that I was willing to have this matter submitted to arbitration, I stood ready, in case the arbitrators decided that the specifications were ambiguous, to cancel the contract, to set aside the architect and his plans, and to start all over again. I would have been willing to do this in the interest of fair play. "But if there has been any fraud, I want to have it come out. I want to know it. High or low, I want to know it if there has been fraud—and who has been guilty of it. "Another thing, and it is no light thing. Contractors must be taught that they cannot lightly enter into and
